Re: Nickelson Plastics Bankruptcy case # 03-44930

January 14, 2004

Dear Judge Dreher,

Loes Enterprises received a copy of a bankruptcy reorganization plan for Nickelson Plastics as a result of chapter 11 legal proceedings. Included in this plan was a proposed payment schedule for creditors.

Loes did not receive the payment plan it voted for and what was represented on the reorganization plan. We object to this arrangement and the payment of the attorney's fees as we have been notified unless the original, payment in full plan, is reinstated and ordered by the court.

Sincerely,

Paul Loes, President
