

New event: Request for notice by creditor

There is a new event for creditors called "**Request for notice by creditor**". If a creditor wishes to receive notice in a case, they can file this event. Creditors will find the event under **Bankruptcy Events** → **Claim Events** → **Add Creditor to Matrix/Request Notice**

When a creditor files the "**Request for notice by creditor**" event, the case number is added to the creditor's account (See image below). The creditor will receive all the NEF's for the case and can use **PACER** to view the document and charges will apply.

If the creditor wishes to remove a case from their account, they can use the "**Request Account Modification**" option on the **Utilities** menu to request changes to their account.
